**Missouri Division of Tourism**

# THE TOURISM STORY

To lead Missouri in becoming one of America's most memorable tourist destinations.

Missouri's 74th General Assembly created the Missouri Tourism Commission in 1967. The Missouri Division of Tourism (MDT) is the administrative arm of the Commission and operates under its direction.

- The Tourism Commission consists of 10 members:
  - The lieutenant governor;
  - Two senators of different political parties, appointed by the president pro tem;
  - Two representatives of different parties, appointed by the speaker of the House;
  - Five governor appointees that may include, but are not limited to, persons engaged in tourism-oriented enterprises. No more than three are of the same political party.
- Commissioners who are appointed by the governor serve staggered, four-year terms.
- Commissioners receive no compensation for serving.
- The commission elects a chair who calls a minimum of four meetings each year.
- The MDT budget is contained within the Department of Economic Development's annual submittal to the governor and the General Assembly for their approval.
- The tourism commission employs a director qualified by education, experience in public administration, and background in the use of the news media and advertising mediums. The director employs a professional staff.
- The state's current tourism logo and slogan, "Where the rivers run," was created in 1997 to promote Missouri's river heritage.
- MDT's primary goal is to increase tourism expenditures in the state. This objective is achieved through outcome-based, research-supported and measured marketing programs.

On behalf of the Missouri Tourism Commission, it is my privilege to present the Division of Tourism's Fiscal Year 2006 Annual Report. The format of this year's document is somewhat different than Annual Reports of recent years: We have combined much of the data traditionally contained in this report with information from the Division's Little Book into one handy publication. We hope that you find this new format useful in reviewing information about Missouri's thriving tourism industry and the efforts of the Division of Tourism.

While the Missouri Division of Tourism weathered a difficult budget year in FY06, we remained a national leader in tourism promotion with several noteworthy accomplishments:

- The state's investment in the Cooperative Marketing program increased by nearly \$26,000 from the previous year to \$3,007,381.
- State sales revenues from tourism spending totaled a record \$382.9 million.
- The number of Missourians employed in tourism industries increased to a record 289,193.

We applaud the contributions and accomplishments of the tourism industry. With the industry's partnership the results we have achieved are tremendous, and we look forward to the future with renewed energy and vision. That vision is the heart of our new Five-year Strategic Plan, an operations guide to our goal of increasing Missouri tourism's return on its tax dollar investment.

We appreciate the legislative support shown to the Missouri Tourism Commission, and look forward to continued success as we promote Missouri's heritage, culture, natural beauty and myriad attractions to a growing and increasingly diverse audience.

Sincerely,

## Missouri's Five Marketing Regions

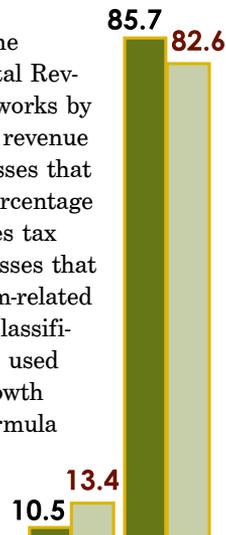

# BUDGET AND ECONOMIC IMPACT

Missouri's tourism funding formula is often recognized as a model for the nation. Other states, including Colorado, Iowa, Kansas, Maryland, Minnesota, Montana, Nebraska, North Carolina, Ohio, Rhode Island, Utah and Wisconsin have studied, adopted or are considering implementing funding plans patterned after Missouri's.

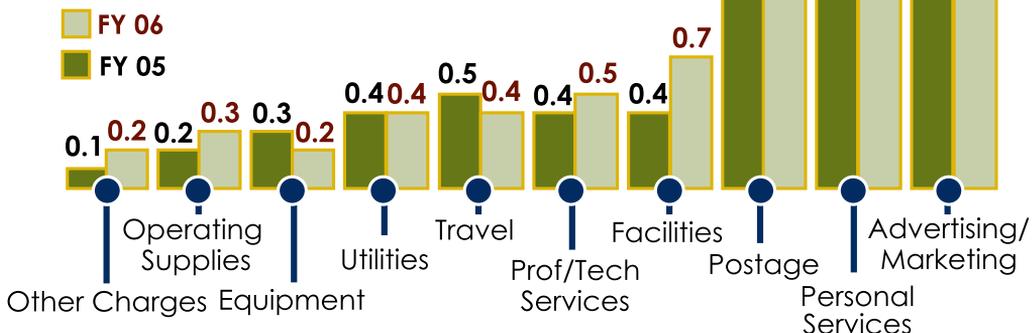

Conceived by industry members, the formula has allowed the Division of Tourism to fund itself from growth in tourism while eliminating the division's need for traditional General Revenue Fund appropriations. The performance-based formula has provided for the Missouri Division of Tourism budget to grow from \$6 million per year to \$17.8 million for FY06. (Actual funding for FY06 was \$14.2 million.)

State Law RSMo 620.467, known as the Tourism Supplemental Revenue Fund (TSRF), works by identifying sales tax revenue generated by businesses that serve travelers. A percentage of the growth in sales tax revenue from businesses that fall within 17 tourism-related Standard Industry Classification (SIC) codes is used to determine the growth in the TSRF. The formula allows for 3 percent inflation each year. Once the 3 percent threshold is reached, one-half of the additional growth is used to

## Percentages of Budget Expenditures

determine the increase in funding. The funding by the formula cannot grow by more than \$3 million in any one year.

In addition, a provision in the law required that the original FY94 General Revenue core be systematically eliminated by FY04. These reductions were accelerated such that the division was funded 100 percent through the TSRF in FY02, two years earlier than mandated.

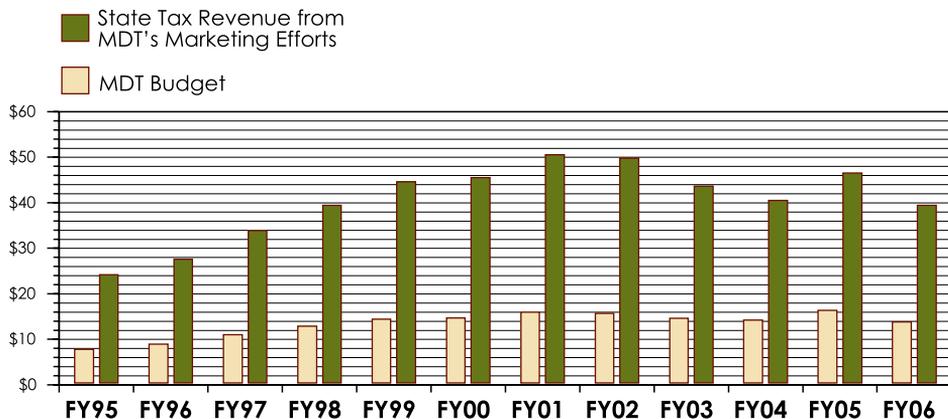

In 1998 and 2002, the General Assembly passed legislation to enhance the original state law. One outcome was to

extend the sunset clause of the TSRF to June 2010.

Increases in the TSRF appropriation allow for additional investment in tourism marketing and promotion. Through this performance-based budget, the division expanded its marketing message while offering a cooperative matching funds program to local tourism organizations. This places Missouri in a better position to raise awareness of travel within our state and compete with neighboring states for traveler expenditures.

## TOUR AND TRAVEL

### Strategy

Promote Missouri as a memorable destination for group travelers.

### Tactics

- Use trade shows and promotions to reach target markets; primarily the affinity market (military groups, student/youth, bank clubs, group leaders) and secondarily, tour operators.
- Create geographical and thematic itineraries, events calendars and editorial profiles for travel-trade publications.
- Customize current ad campaign to fit group travel-trade publications.
- Place group tour information online at [www.VisitMO.com/grouptour](http://www.VisitMO.com/grouptour).

### Results

- Conducted press visits for domestic group media, including *Bank Travel Management*, *Group Travel Leader* and *Courier* magazine.
- Worked with *Bank Travel Management* magazine to create a Missouri Bank Travel Tour Planner distributed to a readership of 4,100.
- Hosted Missouri dinner during the Student Youth Travel Association (SYTA) Summit in Branson. Dinner

*Missouri Division of Tourism efforts accounted for a \$5.53 billion economic impact during the past six years.*

## WELCOME CENTERS

In cooperation with the Missouri Department of Transportation, the Division of Tourism operates six Welcome Centers located in rest areas along the interstate highway system at key entry points around the Missouri border: Hannibal, Joplin, Kansas City, New Madrid, Rock Port and St. Louis.

These centers distribute information about events to attend and attractions to visit throughout Missouri. Thousands of brochures are available to guide visitors as they pursue their Missouri vacations.

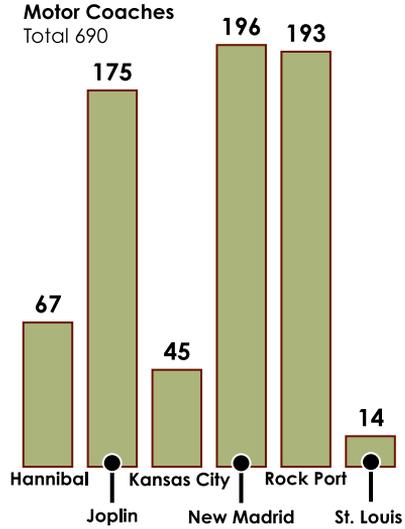

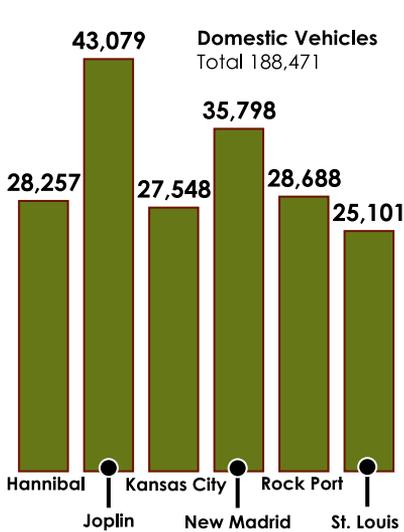

In addition to distributing information, the Welcome Centers help the Division collect data; tracking visitation by season, geographic origin and modes of transportation.

## RESEARCH
